INTRODUCTION

The Santa Lucia Sportsmen's Association ("SLSA" or "Club"), a California nonprofit corporation, was founded in 1932. It is a private membership Club managed and operated by volunteers as a social organization to promote the sports of hunting and firearm and archery competition, and to give its members an opportunity to safely practice and enhance their shooting skills. SLSA has been at its present location since 1952. SLSA offers its members rifle and pistol ranges, trap and skeet fields, a Special Purpose Range ("SPR") and an archery range. SLSA provides its members with a safe and friendly environment to enjoy the shooting sports. SLSA emphasizes cordial relationship among its members and the safe handling of firearms.

SLSA welcomes all members of the community to join and use its facilities. SLSA does not discriminate on the basis of race, religion, color, national origin, sex, age, sexual orientation, familial status, disability status, and genetic information. SLSA insists that its members are of good character, socially responsible, law abiding, and act in a courteous and friendly manner.

Our Mission Statement is:

Offering recreational and competitive shooting sports for all men, women, families and youth in a safe, well maintained, and friendly environment. We support our American heritage, the Second Amendment, individual liberty, and our community.

Our Vision Statement is:

To make the Santa Lucia Sportsmen's Association the place of choice on the Central Coast to compete, practice and improve shooting sports skills (hunting, archery, target shooting, etc.) at a safe and well-maintained facility.

SLSA hosts a variety of instructional classes for both juniors and adults. A Member may enroll their children of an appropriate age into junior programs that will teach the fundamentals of marksmanship and trap shooting along with firearm etiquette and safety.

Membership in SLSA is a privilege, and not a right. Any Member that does not follow these Operating Procedures and Range Rules, fails to act in a socially responsible manner, or acts in a way that is not in the best interests of the Club will be asked to leave, be expelled, or their membership will not be renewed.

The SLSA facility is monitored by security cameras 24 hours a day, 7 days a week. Even if you are alone on a range all Operating Procedures and Range Rules must be followed. Your actions are being observed and recorded. Firearms are inherently dangerous. These rules and procedures are intended to provide a safe environment and ensure that the shooting ranges are available to future generations.

 - iii. Do not stand at the firing line while others are downrange.
 - iv. Stop shooting immediately upon the command of “**Cease Firing!**”

6. **POST SHOOTING RESPONSIBILITY:** Every Member is responsible to keep the ranges and SLSA property clean at all times. When finished using a range, a Member shall remove his/her target(s), return the target stands, and clean up his/her shooting area of all trash and spent brass, thoroughly wash their hands with soap and cold water or a lead removal wipe.

Brooms, dust pans and trash containers are located near the tables behind the firing lines. Spent brass may be deposited in the marked containers.

Before leaving, inspect the area to ensure that you have collected all your belongings.

CHAPTER 3: SERVICE HOURS

- A. **POLICY:** Except as provided in Paragraphs 7 and 8 below, all Members are required to perform Service Hours. Full Members are required to perform five (5) hours per year to maintain their full membership status. Associate Members must perform three (3) service hours per year. The reasons for requiring members to perform service hours are:

1. SLSA is a “social and recreational club” that enjoys favorable tax status as a nonprofit corporation under IRC 501(c) (7). To qualify SLSA must encourage the “commingling” of its members for social, recreational, or similar purposes.”
2. SLSA recognizes that its members possess a broad range of skills, talents, and experiences. SLSA wants its members to participate in the operation and governing of SLSA and contribute a small portion of those skills, talents, and experiences to benefit both SLSA and its members; and
3. For more than ninety years, SLSA has had a positive impact on both its members and the community at large. To continue to have a positive influence, the membership must take an active interest in the operation and governing of SLSA.

- B. **WHAT IS A “SERVICE HOUR:** A Service Hour is a unit of participation by a member in the events, operations or governing of SLSA. The term service hours are broadly defined to include all forms of membership participation that benefit SLSA. Service Hours are either Active or Passive depending on whether the service directly benefits the Club or is participatory.

- C. **EXAMPLES OF “SERVICE HOURS”:** Service Hours are awarded to a member for participation in any SLSA sponsored event or match, volunteering assistance in its operations, and participating in the governing or administration of SLSA. For example, a member is awarded a passive service hour for participating in any of the monthly matches held for rifle, pistol, shotgun, and archery or attending a general meeting. A member is awarded active service hours for volunteering his/her time to assist one of SLSA’s Committees, helps in organizing or running an event, provides assistance to an officer or board member in performing their duties, or holding an office or a position on the Board.

- D. **HOW MANY “SERVICE HOURS” ARE AWARDED PER**

PARTICIPATION: A member is awarded one (1) Passive Service Hour for each time he or she participates in a sponsored event or match. A member can fulfill all his or her Service Hours by joining a Committee or a sponsored match or event group and providing assistance, as requested. The Committee Chairman or Group director for which the member’s participation occurs shall determine the number of Service Hours earned for the participation.

E. WHAT IF I DO NOT WANT TO PERFORM ANY “SERVICE HOURS”:

Service hours are a means of promoting membership participation in SLSA. They are COMPULSORY.

If a Member does not fulfill the annual Service Hour minimum, he or she may lose the privileges of Membership upon the expiration of their annual membership and their membership may not be renewed.

F. WHAT IF THE MINIMUM “SERVICE HOURS” ARE NOT EARNED: A

Member that earns some but not all the minimum number of annual Service Hours will be permitted to renew his or her membership and provided an opportunity to complete the service during the following year.

For example, if a full member only earns three (3) Service Hours for the year, he or she will be able to renew the membership, provided the member earns seven (7) Service hours in the next year. If so, the member will be restored to Full Membership.

G. WHAT IF I AM UNABLE TO PROVIDE ANY SERVICE TO SLSA: If for any reason a Member is unable to earn Service Hours, the member shall contact the Board, in writing, and explain the reasons. The Board will consider all the reasons for the inability to provide service and will either grant an exemption from service or seek to accommodate the member with an alternative to service. A request for excuse for service will be liberally considered.

H. ARE SOME “FULL MEMBERS” NOT REQUIRED TO PERFORM “SERVICE HOURS”:

A Full Member is NOT required to perform additional service or earn any service hours, as follows:

1. Life Members are NOT required to perform any additional service hours to maintain his or her Full Membership. A Life Membership is an honorary award granted to a member that distinguishes himself or herself for extraordinary service and dedication to SLSA; and
2. Any Member that is seventy (70) years or older is not required to perform any additional service or earn Service Hours.

I. CAN “SERVICE HOURS” BE USED AS A PARTIAL CREDIT TOWARD

ANNUAL DUES? Yes, Service hours that directly benefit SLSA (“Active Service Hours”) earned in excess of the minimum required may be used as a credit toward the annual dues. Passive Service Hours may not be applied for credit toward the annual dues. The Board, in its sole and absolute discretion, will determine the value of the excess Active Service Hours and apply the credit to the annual dues owed by the member.

Additional incentives and hours toward the annual dues may be granted to members participating in certain activities, or as determined by the Board to be appropriate for a member providing extraordinary service.

J. REPORTING “SERVICE HOURS”: Each member shall state in their application for renewal of membership the total number of service hours earned the prior year. SLSA reserves the right to audit a member’s claim for earned Service Hours up to one year following the date of the application for membership renewal. If requested to provide proof of earned Service Hours, a member must obtain and submit a certificate from the Committee or group served signed by the

Committee Chairman or Director stating the number of Service Hours earned during the prior year.

- K. SERVICE HOUR ROLLOVER:** Excess Service Hours, whether active or passive, may not be rolled over and expire the year they are earned. Service Hours have no monetary value, except as set forth in this Chapter 3.
- L. SERVICE HOURS NOT TRANSFERABLE:** Service Hours belong to the member earning the credit and may not be transferred or assigned.
- M. LOSS OF SERVICE HOURS:** Excess Active Service Hours may not be applied as a credit toward the annual dues, if:
 - 1. The member's membership is terminated for any reason,
 - 2. The member does not possess the qualifications for membership,
 - 3. A Director resigns before the expiration of his / her term,
 - 4. A Director is removed from office for cause,
 - 5. An Officer resigns before the expiration of his / her term without providing sixty days written notice, or
 - 6. An Officer is removed from office for cause.
- N. COMMITTEE DIRECTORY:** Attached as Appendix 2 is a "SLSA COMMITTEE STRUCTURE" describing the Committees and Groups that a member may join to earn qualifying Service Hours. To join contact the Committee Chairman or Group Director, at the number or address provided.
- O. WHAT IF I JOIN A COMMITTEE AND AM NOT ASKED TO PROVIDE ASSISTANCE:** A member that joins a Committee or Group and is not requested to participate in the Committee or Group's activities or given the opportunity to fulfill the Service Hour requirements, will be deemed to have earned all required Service Hours for that year.

CHAPTER 4: EMERGENCY RESPONSE PLAN

A. FIRE EMERGENCY:

Each SLSA member is an integral part of the Fire Safety Program. This responsibility must be taken seriously. It is our duty to protect fellow members and guests from accidents and fires. Safe range conditions and the knowledge of how to respond to an emergency are often the difference between safety and serious injury, or even death. The best protection is prevention.

Prevention means that every member keeps the ranges and adjacent areas neat and clean, follows all Operating Procedures and Safety Rules, and knows the procedures for notification and activation of the Fire Plan. It is the responsibility of every Match Chairman, Range Safety Officer, and Director to implement and follow these guidelines.

- 1. **FIRE RESPONSE PLAN:** If a fire occurs, remember the acronym **R-A-C-E-R:**
 - a. **RESCUE:** In the event of a fire, rescue those persons that can be rescued safely, as well as you, by proceeding to an area out of the immediate location.
 - b. **ALARM:** If you smell smoke, see fire, or see smoke, dial 911 and report the problem.
 - c. **CONFINE:** If indoors close all windows and doors in your area. This will confine or slow the spread of smoke and fire.
 - d. **EXTINGUISH:** If you can do so safely, extinguish the fire if it is small, contained or not

spreading beyond the immediate area. Fire extinguishers are located in the clubhouse and the target shed. Learn about their locations in your work area.

Remember, these fire extinguishers are designed to put out a small fire. If the fire has spread beyond the area of origin, or it cannot be put out safely, then confine the area.

To operate a Fire Extinguisher, remember the word **PASS**:

- i. **PULL** the pin. Hold the extinguisher with the nozzle pointing away from you and release the locking mechanism.
- ii. **AIM** low. Point the extinguisher at the base of the fire.
- iii. **SQUEEZE** the lever slowly and evenly.
- iv. **SWEEP** the nozzle from side to side. For outdoor fires, shovels are available at the rifle range house and club storage building.
- e. **RELOCATE**: Relocate people to a safe area away from the fire.

2. RESPONSIBILITIES IN THE EVENT OF A FIRE

a. **Member Suspecting/Locating a Fire**: That member who suspects or locates a fire has a duty to protect him/her and others, as outlined above in the SLSA Fire Response Plan.

b. **Member/Committee Chairman Responsibilities**:

- i. Follow the SLSA Fire Response Plan (R-A-C-E-R), as outlined above.
 - ii. Advise visitors/guests to stay in their location.
- c. Should evacuation of an area become necessary, it will be the responsibility of member, committee chairman or RSO on duty in the area to account for visitors, prior to and after evacuation.

c. Once fire is contained or extinguished, report in complete detail to the Club President or a Director the details of the incident.

B. MEDICAL EMERGENCY:

Each SLSA member is an integral part of the Safety Program. It is our duty to protect fellow members and guests from accidents. The best form of protection is prevention. Safe range conditions and the knowledge of what to do in an emergency can mean the difference between safety and serious injury, or even death. Prevention means that every member is charged with the responsibility of:

Knowing SLSA procedures for notification and activation of the Emergency Response Plan.

Keeping the ranges and adjacent areas neat and clean.

Performing activities in a safe manner.

It is the responsibility of every Match Chairman, Range Safety Officer, and Director to implement and follow these guidelines.

1. **MEDICAL EMERGENCY RESPONSE PLAN**: If present during a medical emergency, you shall assess the situation, and depending upon your qualifications take the following steps:

a. **Take Charge of the Situation**. The Event Committee Chairman or Range Safety Officer on duty should take charge of the situation should an emergency occur.

b. **For a Minor Injury**:

Render aid.

Direct person to seek appropriate medical attention.

Commence firing.

Complete report for the record.

c. For a Major Injury:

i. Render Aid.

- a. Task someone to call 911.
- b. Task someone to direct the emergency vehicle to the incident location.
- c. Task someone to assist in recording the times and actions taken during the emergency.
- d. Task all witnesses to write down what they saw for the Emergency Report.
- e. Continue aid until Emergency Medical Support (EMS) arrives.
- f. Complete Incident Report for the record.
- g. Render Aid.

ii. First Aid Kits are located in the Clubhouse and Rifle Range House.

iii. If the person in charge has any doubts as to whether an injury can be treated, call EMS.

iv. California's Good Samaritan Law protects people from lawsuits if they render medical care in an emergency situation. (*California Health & Safety Code Section 1799.102*)

d. Aid procedures

i. Identify self to the injured.

ii. Inform injured of training (American Red Cross Standard First Aid & CPR).

iii. Inform injured of aid offered.

iv. Receive verbal permission from an injured person (if adult), or parent/guardian (if child) prior to giving care.

v. Refrain from giving care to a conscious injured person who objects.

vi. Assume implied permission if the injured person is unconscious or unable to respond.

vii. Assume implied permission if the injured is a child with a serious injury and a parent or guardian is not present.

viii. Move the injured only if life is endangered.

ix. Check the injured for life threatening condition before providing care. Provide care only within your level of training.

x. Never dispense aspirin or medications; administer activated charcoal or syrup of Ipecac (or other treatments) unless directed by EMS or Poison Control Center.

e. Call for Help

i. Call 911 from the telephone, which is located in the office inside the clubhouse.

ii. Call 911 from a cell phone.

iii. Direct Emergency Medical Services (EMS) to 10400 Santa Clara Road, Santa Lucia Sportsman's Shooting Range. Also give the nearest cross street at El Camino Real.

iv. Wait for EMS to hang up first to make sure they do not need further information.

f. Direct EMS to location

i. A person should be positioned to meet the emergency vehicle to ensure no time is lost getting help for the injured.

ii. Direct EMS to 10400 Santa Clara Road, Santa Lucia Sportsman's Shooting Range.

iii. Meet EMS at Gate and direct them to incident location.

g. Complete the Incident Report

i. Complete the Incident Report form and submit it to the Board of Directors.

ii. Record dates, times and names of injured persons, and any witnesses present.

D. Range is run as a cold range –

2. Shooters may not bend over while at firing line while range is hot / with loaded firearm; if something is dropped, leave it there until RSO has cleared the range.
3. If you have a problem or malfunction you cannot clear, remain facing down range with your muzzle in a safe direction, raise your hand.
